SOLAR PANEL PACKS

Harness the Sun's power with our all new rugged, water-resistant GearIT Solar Panel Packs – a must-have for keeping your mobile devices ready to perform in the most extreme conditions. The GearIT line offers three different series for three different forms of play. Whether you are on a picnic and just want to charge your bluetooth speaker, or maybe you are more adventurous and want to keep that mounted camera charged for extended hours while mountain-biking, or maybe you're planning an epic, long-distance hike – whatever your speed, we've got a solar panel for any adventurer.

SPARK SERIES HIGH EFFICIENCY SOLAR PACK

Just like the name suggests, the Spark series consumes light to charge USB devices while keeping its form slim and light-weight, essentially bringing the Sun's talent down to your turf.

5.6 Watts

Charges via USB

Dimensions : Folded: 6.5 x 7.7 in (166 x 195 mm)
Expanded: 15.3 x 7.6 in (388 x 194 mm)

USB Sockets : 2

USB Output : 5V / 1000mA

Solar Panel : High efficiency solar pack,
High efficiency cell : 22% - 23%
5.5V / 5.6W

11 Watts

Charges via USB

Dimensions : Folded: 6.4 x 11.6 in (163 x 295 mm)
Expanded: 15.3 x 7.6 in (388 x 194 mm)

USB Sockets : 2

USB Output : 5V / 2000mA

Solar Panel : High efficiency solar pack,
High efficiency cell : 22% - 23%
5.5V / 11W

FLARE SERIES

MIDSIZED SOLAR PACK

Keep your device on call and ready to ride with our midsized Flare series. The dual panels are equipped to extract and supply energy to those hungrier devices that need a pick me up.

7 Watts

Charges via USB

Dimensions : Folded: 6.5 x 10.5 in (166 x 266 mm)
Expanded: 19.8 x 10.4 in (503 x 265 mm)

USB Sockets : 2

USB Output : 5V / 1000mA

Solar Panel : 6.5V / 7W

10 Watts

Charges via USB

Dimensions : Folded: 7.7 x 11.2 in (196 x 284 mm)
Expanded: 22.4 x 11.2 in (568 x 285 mm)

USB Sockets : 2

USB Output : 5V / 1600mA

Solar Panel : 6.5V / 10W

RADIANCE SERIES

POWERFUL SOLAR PACK

The Radiance series is our most powerful series, sporting a supreme 4-panel design with a powerful output for taking on those depleted high-energy devices that need some serious regeneration.

14 Watts

Charges via USB

Dimensions : Folded: 6.9 x 10.4 in (174 x 265 mm)
Expanded: 33.7 x 10.3 in (857 x 261 mm)

USB Sockets : 2

USB Output : 5V / 2200mA

Solar Panel : 6.5V / 14W

20 Watts

Charges via USB

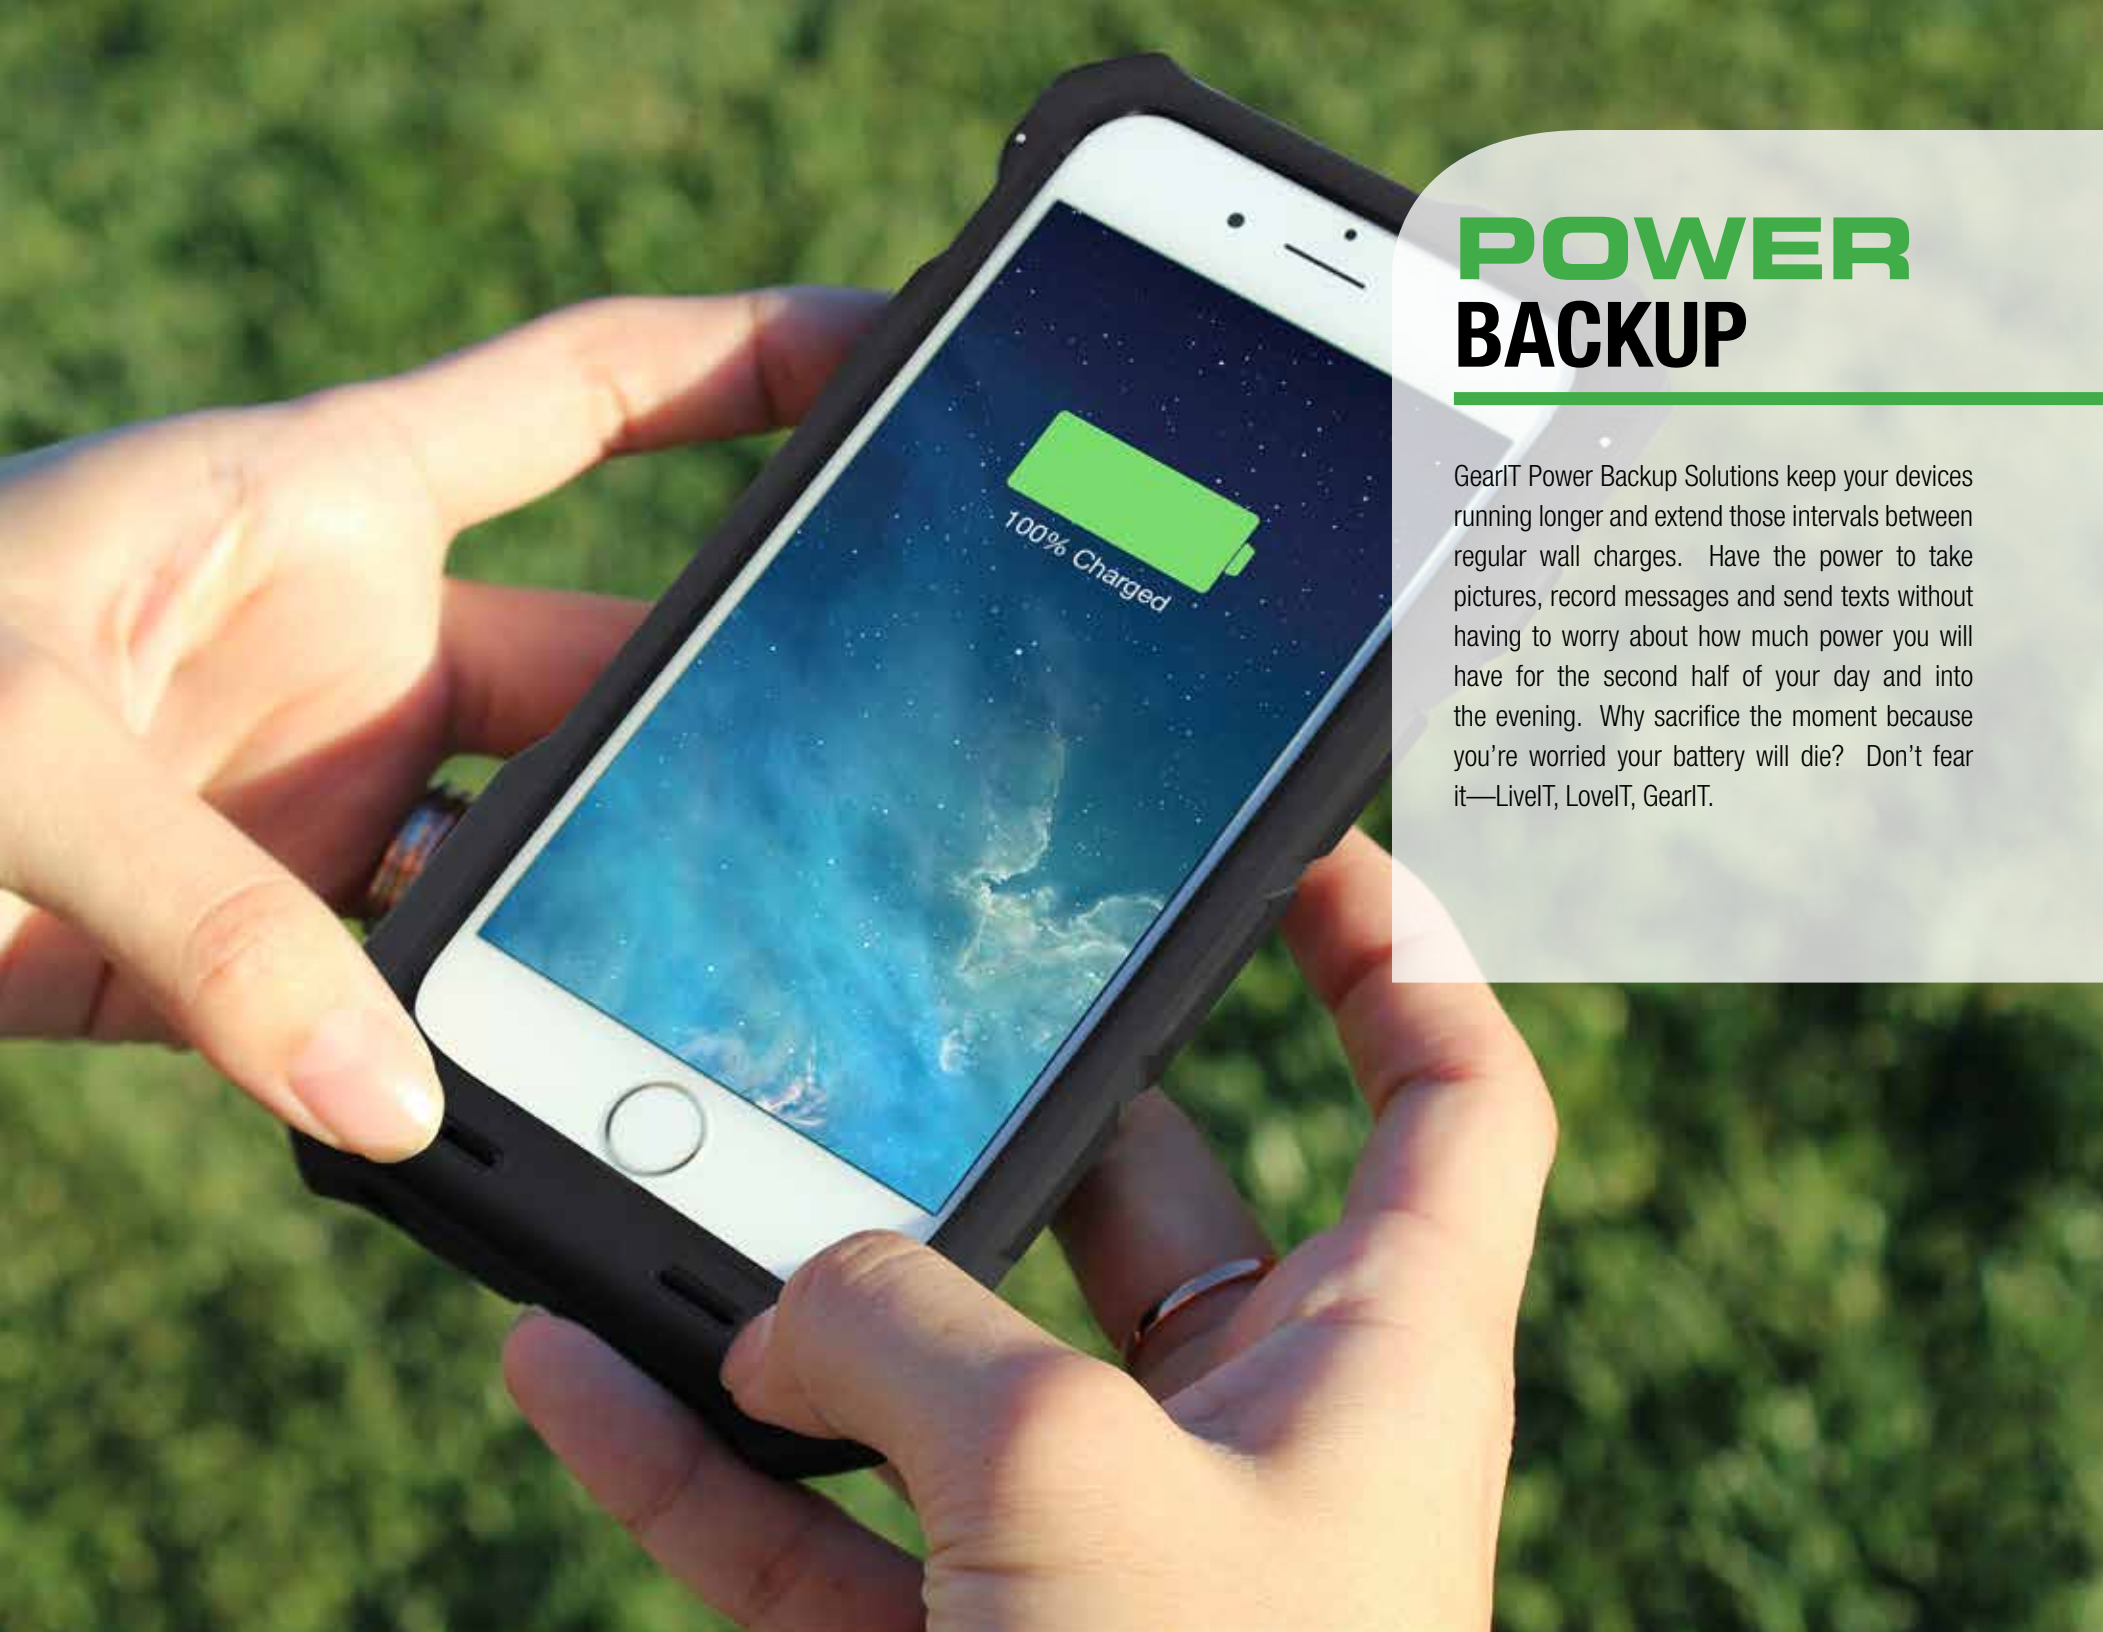

Dimensions : Folded: 7.8 x 11.2 in (197 x 284 mm)
Expanded: 33.7 x 10.3 in (857 x 261 mm)

USB Sockets : 2

USB Output : 5V / 2000mA

Solar Panel : 6.5V / 20W

POWER BACKUP

GearIT Power Backup Solutions keep your devices running longer and extend those intervals between regular wall charges. Have the power to take pictures, record messages and send texts without having to worry about how much power you will have for the second half of your day and into the evening. Why sacrifice the moment because you're worried your battery will die? Don't fear it—LiveIT, LoveIT, GearIT.

VITALIS SERIES BATTERY PHONE CASES

The GearIT Vitalis Battery phone case for iPhone 6 and 6 Plus keeps your phone running longer and does it with flair. Available in two styles and battery capacities, each case features a high performance Lithium Polymer Battery, forward directing audio ports and rugged TPU/PC hybrid construction to protect both your phone and battery from mishaps. MFI Certification is your assurance that these cases are for the iPhone and that they live up to the most rigorous standards.
